Love Letters From Uganda

Hi everyone, I am excited to share the compilation of all of the first letters written in response to your first letter to the kids you sponsor. I hope you enjoy reading them as much as Vicki and I have. I wanted to compile them into a hardcopy book, but it was too expensive. This book is filled with beautiful, thankful hearts and words from kids that have nothing. They have learned to trust God for all their needs. We could take lessons in how to walk our faith journey from them. Enjoy the Love Letters from Uganda.

Every child, by first name, with the sponsor and the page number. Some children were given new names this year. If you don't see the name you know, look for your own name in the grey line.
